

NEWSLETTER #2
APRIL 2023

LET'S MENTOR WITH ATTITUDE

What have we been up to

Monthly Online Meetings

Partners have been organizing online meetings each month of the project implementation. During this meeting we discuss the advancement of the project activities and have the opportunity to overcome any challenges that appear on the way!

Research Report

We have developed a research on the current situation of engagement mentoring in all three partner countries! The final paper includes good practices developed in the area of interest either locally or on a European level.

You can read all about it on the [pal-enroll webpage](https://www.pal-network.eu/pal-enroll)

Co-funded by
the European Union

Inception Meetings & Online Discussions

We have organized a digital Inception Meeting with more than 20 experts and facilitators in the field of Romani support, discussing the current situation of Romani mediation programmes and mentoring experience.

In addition, we have organized 6 online and F2F discussions with project experts to discuss the subject are of our future training modules for Engagment Mentoring!
